

Student Profiles

As an app user, I want to be able to set my own privacy settings

As a student, I would like to see which groups I am apart of

As a student I would like to set an address which can be used to setup meetings.

As a student I want to login to my account.

As a student I would like to register an account

As a student, I want view all student's ratings so that can know if that student is a good student or not.

As a student I would like a way to navigate the site

Sprint 1 - 10 - 24 April | 6

The app creates a hand coded set of student profiles

The app contains a database structure for student profiles

Sprint 2 | 10

The app provides a way to sign in

The app provides a way to register

The app has a nav bar partial

The app has a footer partial

Sprint 3 | 10

The apps navbar is dynamic (logging in and out)

The website has a boilerplate layout

Sprint 4 | 8

Vote on other student's profiles

The websites signup, login page

Sprint 5 | 14

Sprint 6 | 7

The websites landing page must be redone

Meetings page redo

Sprint 7 | 10

The websites group page needs to be redone

The websites links page needs to be redone

Sprint 8 | 4

The app allows users to disable the visibility of their
